Dear Sir,

In response to your correspondence, dated December 31, 2002, please find the following clarifications and inquiries. All citations in this document are scoped to United States Code Title 5 Section 552, unless otherwise defined or stated.

Our request for the associated information for each address, city, state, zip, +4, latitude, longitude is for the whole United States and its possessions where this data is available albeit in whole or in part.

You stated that the United States Postal Service is prohibited by law from disclosing "actual addresses". To clarify, our request allows for ranges to be reported when necessary. We request that you please review our document 20021029U00, as we feel these aspects of our FOIA request have not been addressed. Please reply with you definition of "actual address" if you feel there is a communication error or ambiguity on this issue.

Under subsection (a)(4)(A)(i) we are requesting a schedule of fees which justify the charges and amounts indicated in your correspondence. In particular you identified the Topological Integrated Geographic Encoding and Reference (TIGER)/ZIP+4 which has been assigned a fee of \$700.

Please note, you are required to respond or produce the requested documents within 20 days. To date the United States Postal Service has grossly failed to comply with subsection (a)(6)(A). The date of our request was October 29, 2002.

We request these documents in a machine readable form, preferably on CD or DVD. Alternately this data may electronically transmitted via email to public@pyerotechnics.com. We are able to accept data compressed by several means. The schemes supported are bzip2 (Burrows-Wheeler block sorting text compression algorithm, and Huffman coding), GNU version of tar, Gzip (Lempel-Ziv coding [LZ77]), or PKZIP 2.04. The data must be of the ASCII, UTF7, or UTF8 encoding scheme.

an old tradition of quality
in a new world of business

In summary please review this chart to assist you in compliance with this request.

<u>Data Requested</u>	<u>Your Action Taken</u>	<u>Status</u>
Addresses	Denied	Clarification
Streets	No response	Request
Cities	No response	Request
States	No response	Request
Zip codes	No response	Request
Zip +4 codes	No response	Request
Latitudes	Fee notification	Fee Schedule Request
Longitudes	Fee notification	Fee Schedule Request

Please find attached copies of all our correspondence regarding this request. We look forward with you expedited compliance with our request.

Sincerely,

Jason Pyeron
