Mr Pyeron-

Good morning. We have the data for your original request ready to go. We were in the process of formulating your bill when, according to Susan Hawes of my staff, you changed the requirements of your request to include all ZIP+4 records. (forgive me if I have the details wrong, it's early and I don't have access to any of my staff at the moment) In any case, we're working up the new data set and should have data and a bill ready for you within a few days.

Thanks for your patience. Please let me know if you have concerns.
