Mr Pyeron-

Thank you for your note and clarification. We are re-running the programs to create the files you desire, and I expect the run to be completed late next week.

Just to be certain that we are providing the information you want, I'd like to reiterate what we'll be providing you. We will provide you with a data file consisting of the entire ZIP+4 record set, with the TIGER information appended to those records for which we have TIGER data.
